

ARE YOU SERIOUSLY CONSIDERING PURCHASING A CAMPER TRAILER IN THE NEAR FUTURE?

IF SO, THE FOLLOWING MAY INTEREST YOU.

Obviously, a first hand look is the only way for you to check-out the design and engineering integrity of our system and we regret that we do not have an agent in your area or state. However, if you are seriously considering ordering "something" in the near future, consider the following:

At the moment production is limited and delivery lead time is 4 to 6 weeks. We are now trying to identify the more serious enquirer who is considering a purchase this year from the longer term type. We are getting a lot of enquiry re availability for the next school holidays and anticipate a rush and late ordering for the Summer period.

We have prepared what we call an "Intending Purchaser Registration" letter and believe that it will be of interest to the long distance, more serious enquirer as well as ourselves in terms of being able to identify prospective purchasers and plan to adjust our production rate.

This option offers the following:

1. On return to us we will quote a delivery date.
2. It will give you much more time to arrange for an inspection or reach your decision to go ahead and order.
3. Lead time from order to delivery will be greatly reduced.
4. You will be asked to return a signed copy of the document and a \$100.00 deposit amount. This will confirm your genuine interest in ordering at a later date and would be refunded immediately and without question should you decide not to proceed.
5. Should you decide to proceed, selected options to the value of \$150.00 from our price list will be supplied with your unit at no cost.

If this proposal is of interest to you, please contact myself or Linda as soon as possible and the registration letter will be forwarded to you.

Alan Mawson.

P.S. We can be contacted anytime on 018 35 6060.
